

Call for Entries:

2009 Florida Surveying, Mapping & Geomatic Professionals

PHOTO CONTEST

The Space Coast Chapter of the Florida Surveying & Mapping Society invites you to capture the history, culture and nature of the Surveying, Mapping and Geomatic professions for our first annual photo contest. Winning photos will be displayed in the 2009 Florida Surveyors & Mappers Calendar.

Be ready to photograph scenes that celebrate our past, and ones that convey what makes the Surveying and Mapping profession so unique today.

Prints and digital images are being accepted in three contest categories. No entry fee required.

Category 1: Historical Influences

Capture the distinctive influences that history & technology have had on the Surveying, Mapping and Geomatic professions.

Category 2: Character & Culture

Photograph what makes the Surveying, Mapping and Geomatic profession so unique; the people, special events, and community connections that convey the character and culture of the profession.

Category 3: The Nature Of It All:

Photograph landscapes, wildlife and remote places that few people, other than a surveyor, see and experience in the course of a work day.
