

FSMS-Space Coast Chapter Christmas Dinner-Meeting Minutes

Date: December 9, 2009

Location: La Cita Country Club - Titusville

Cocktails began at 6:30pm, Dinner at 7:00pm

in Attendance: 16

This Christmas season we shared a buffet dinner with Chapter members, spouses and friends at the lovely La Cita Country Club in Titusville. Kay Gargis organized the Chapter event and as usual everything was perfect; the food, the service, the company and the prizes.

Dinner tickets sold for \$40/pp and proceeds were used to pay for dinner and to fund the Chapter "Surveyors' Helping Surveyors'" program.

The program helped two individuals from our community that had lost their surveying and mapping job. Special consideration was given to nominees with families. The two individuals chosen each received a gift card in the amount of \$250 to spend for the holiday and a free ticket to our Chapter Christmas dinner. Their identities remained anonymous.

We continued our Christmas tradition of supporting the Children's Home Society (CHS). Members in attendance brought an unwrapped toy to donate to the CHS.

President Irwin tried to keep the Chapter business to a minimum by making only a few general announcements, but soon learned that some surveyors have a difficult time not talking about surveying (present company excluded). General discussion ensued that ranged from CST training, to fundraising, and membership drives.

Once the president reeled in the general discussion he was able to move us on to raffle prizes and tickets.

Kay Gargis conducted the 50/50 raffle drawing and prize give-away. John Gargis bought two of the three tickets pulled, but the elusive BLUE marble is still up for grabs. The raffle money continues to grow. We are now down to 63 white marbles and 1 blue.

Meeting Notes: Taken and respectfully submitted by Secretary Susan Jackson.
